2. **DEFINITIONS:**

In this Bylaw the following terms have the following meanings:

**Acceptable Mark** means a completed oval which the vote counting unit is able to identify, which has been made by an elector in the space provided on the ballot opposite the name of any candidate or opposite either 'yes' or 'no' on any other voting question.

**Automated Vote Counting System** means a system that counts and records votes and processes and stores election results which comprises of:

- (a) a number of ballot scan vote counting units, each of which rests on a two-compartment ballot box, one compartment of which is for:
  - (i) voted ballots; and

- (ii) returned ballots which have been reinserted using the ballot override procedure;

and the other compartment is for the temporary storage of voted ballots during such time as the vote counting unit is not functioning; and

- (b) a number of storage ballot compartments into which voted ballots are deposited where a vote counting unit is not functioning or being used which will therefore be counted after the close of voting on general voting day.

**Ballot** means a single ballot card designed for use in an automated vote counting system, which shows:

- (b) all of the choices on all of the bylaws or other matters on which the opinion or assent of the electors is sought.

**Ballot Return Override Procedure** means the use, by an election official, of a device on a vote counting unit, which causes the unit to accept a returned ballot.

**Election Headquarters** means the City of West Kelowna Municipal Hall located at 2760 Cameron Road, West Kelowna, BC V1Z 2T6 or other location of headquarters.

**Memory Pack** means a computer software cartridge which is inserted into the vote counting unit and into which is pre-programmed the names of all the candidates for each of the offices to be filled, and the alternatives of “yes” or “no” for each question on the ballot, or the choices on other matters on which the opinion or assent of the electors is sought which records and retains information on the number of acceptable marks made for each.

**Results Tape** means the printed record generated from a vote counting unit at the close of voting on general voting day, which shows the number of votes for each candidate for each of the offices to be filled, and the number of votes for and against each bylaw or other matter on which the assent or opinion of the electors is sought.

**Returned Ballot** means a voted ballot which was inserted into the vote counting unit, but which was not accepted and which was returned to the elector with an explanation of the ballot marking error which caused the ballot not to be accepted.

**Secrecy Sleeve** means an open-ended folder or envelope used to cover ballots to conceal the choices made by each elector.

**Storage Ballot Compartment** means a designed compartment in the ballot box under each vote counting unit into which voted ballots are temporarily deposited in the event that the unit ceases to function.

**Vote Counting Unit** means the device into which voted ballots are inserted and which scans each ballot and records the number of votes for each candidate and for and against each other voting question or other matter on which the assent or opinion of the electors is sought.

3. **MINIMUM NUMBER OF NOMINATORS:**

As authorized under Section 86 of the *Local Government Act*, the minimum number of qualified nominators required to make a nomination for office as a member of Council shall be 25.

4. **ACCESS TO NOMINATION DOCUMENTS:**

A person who inspects or otherwise accesses nomination documents under this section must not use the information included in them except for the purposes of the *Local Government Act*.

5. **ORDER OF NAMES ON BALLOT:**

The order of names of candidates on the ballot will be alphabetical.

6. **ELECTOR REGISTRATION:**

Pursuant to Section 69 of the *Local Government Act*, Council wishes to limit registration of electors to registration at the time of voting for all elections or matter on which the opinion of the electors is being sought at the time of voting under Part 3 and 4 of the *Local Government Act*,

7. **USE OF AUTOMATED VOTING COUNTING SYSTEM:**

Council hereby provides for the use of an automated vote counting system for the conduct of elections, other voting, and other matters on which the assent or opinion of the electors is sought that may, from time to time, be required.

**AUTOMATED VOTING PROCEDURES:**

7.1 The presiding election official for each voting place shall offer, and if requested, ensure that a demonstration of how to vote using a vote

counting unit is provided to an elector, as soon as such elector enters the voting place and before a ballot is issued.

- 7.2 Upon completion of the voting demonstration, if any, the elector shall proceed as instructed, to the election official responsible for issuing ballots, who, upon fulfilment of the requirements of the *Local Government Act*, shall then provide a ballot to the elector, a secrecy sleeve if requested by the elector, and any further instructions the elector requests.
- 7.3 Upon receiving a ballot the elector shall immediately proceed to a voting compartment to vote.
- 7.4 The elector may vote only by making an acceptable mark on the ballot:
  - (a) beside the name of each candidate of choice, up to the maximum number of candidates to be elected for each of the offices to be filled; and
  - (b) beside either 'yes' or 'no' in the case of each bylaw or other matter on which the assent or opinion of the electors is sought;
- 7.5 Once the elector has finished marking the ballot, the elector must either place the ballot into the secrecy sleeve, if one has been requested, or turn the ballot upside down and proceed to the vote counting unit, and under the supervision of the election official in attendance, insert the ballot directly from the secrecy sleeve, if applicable, into the vote counting unit without the acceptable marks on the ballot being exposed.
- 7.6 If, before inserting the ballot into the vote counting unit, an elector determines that a mistake has been made when marking the ballot, or if the ballot is returned by the vote counting unit, the elector may return to the voting compartment to correct the ballot or request a replacement ballot by informing the election official in attendance.
- 7.7 Upon being informed of the replacement ballot request, the presiding election official shall issue a replacement ballot to the elector and mark the returned ballot "spoiled" and shall retain all such spoiled ballots separately from all other ballots, and they shall not be counted in the election.
- 7.8 If the elector declines the opportunity to obtain a replacement ballot and has not damaged the ballot to the extent that it cannot be reinserted into the vote counting unit, the election official shall, using the ballot return override procedure, reinsert the returned ballot into the vote counting unit to count any acceptable marks which have been made correctly.
- 7.9 Any ballot counted by the vote counting unit is valid and any acceptable marks contained on such ballots will be counted in the election, subject to any determination made under a judicial recount.

- 7.10 Once the ballot has been inserted into the vote counting unit and the unit indicates that the ballot has been accepted, the elector must immediately leave the voting place.
- 7.11 During any period that a vote counting unit is not functioning, the Elector shall insert the ballot into the storage ballot compartment, on the understanding that if the vote counting unit:
- (a) becomes operational, or
  - (b) is replaced with another vote counting unit,
- the ballots in the storage ballot compartment shall, as soon as reasonably possible, be removed by an election official and, under the supervision of the presiding election official, shall be inserted into the vote counting unit to be counted.
- 7.12 Any ballots which were temporarily stored in the storage ballot compartment during a period when the vote counting unit was not functioning, which are returned by the vote counting unit when being counted shall, through the use of the ballot return override procedure and under the supervision of the presiding election official, be reinserted into the vote counting unit to ensure that any acceptable marks are counted.
- 7.13 A sample ballot that may be used in an automated vote counting system is attached as Schedule "A" to this Bylaw.
