

DISTRICT OF WEST KELOWNA

COUNCIL POLICY MANUAL

Pages: 1 of 1

Approval Date: 2008-DEC-16

SECTION: DEVELOPMENT SERVICES
SUBJECT: STRATA BUILDING CONVERSION

Scope:

This policy outlines the method for processing an application for the Strata Conversion of an existing building, pursuant to Part 14, Section 242 of the *Strata Title Property Act*.

Policy:

Council may consider application for the conversion of existing buildings into strata lots of previously occupied buildings. All approvals will be by Council resolution after consideration of all relevant information.

Procedure:

The application for conversion of existing buildings must meet the following conditions:

- a) Submit Schedules A, B & C (copies attached) of the application for Strata Conversion;
- b) Submit application fees established as outlined in the District of West Kelowna Subdivision Fees and Charges Bylaw No. 0008 and amendments thereto;

The following materials may be required to accompany the application:

- a) The owner/developer provides a vacancy rate study prepared by an independent agency which indicates the vacancy rate of rental accommodation in the District of West Kelowna.
- b) A structural engineer's report certifying the structural adequacy of the building to be converted, along with the engineers estimate of the usable life of the building.
- c) A complete report from the Development Services Department shall accompany the application stating the status of the existing building and providing a list of any deficiencies;
- d) An 'as built' plan of the plumbing, electrical and mechanical services within the proposed Conversion, if required by the Development Services Department.
- e) A plan showing that the owner/developer has provided adequate playground and common landscaped area to serve the needs of the buildings to be converted.
- f) The owner/developer's plan for the resettlement of the present tenants of the building to be converted.
- g) Submit a drawing of the proposed strata plan.

All applications submitted for approval must be complete and provided to the Development Services Department for their review before proceeding to Council.

If the applicant has met all requirements and Council has approved the application, a strata plan mylar must then be provided to the Mayor and Clerk for their required signatures.

STRATA CONVERSION REQUIREMENTS

SCHEDULE "C"

BUILDING & REGULATORY SERVICES

REQUIREMENTS

- Correct Zoning
- ALR referrals (*if required*)
- Correct Number of Paved Parking Stalls Available
- Correct Fire Separation Has Been Provided Between Units
- Building Complies with the following requirements of Part 9 of the BCBC
 - Health and Safety
 - Structural
 - Drintile and Dampproofing
 - Plumbing
 - Exterior Windows and Doors
 - Roofing
 - Insulation
 - Oil Interceptor
 - Strata Mylar Plans Provided by a BC Certified Surveyor

An existing building will not be considered for a Strata Conversion by the District unless the building substantially complies with the applicable bylaws of the municipality and the BC Building Code.

An inspection of the building must be carried out by the District's Building Department as part of the application for a Strata Conversion. The Building Official, when carrying out this inspection, will review the above items. However this list may not cover all required items and should only be referred to as an overall guide.
