

## *Campfire Restrictions (dimensions shown below)*

*for West Kelowna and Westbank First Nation fire protection areas*

- *Must comply with provincial campfire regulations*
- *Source of extinguishment nearby (minimum one hand tool or 8 litres of water)*
- *Must be continuously controlled and supervised by a competent person*
- *Comply with CWK bylaw 0114.01 and WFN law 2005-11*
- *If Fire Department receives a complaint, they will come out to investigate*
- *Campfires NOT allowed when a campfire ban is in effect*
- *Only seasoned firewood is permitted. Burning of yard waste and construction material is prohibited*
- *Fires determined to be creating nuisance smoke due to environmental conditions or unseasoned firewood must be extinguished*

**Fire Pit = 1.5 ft Maximum**  
**Around Fire Pit = 3 ft Mineral soil**  
**Require 12 ft clear space around circumference**
