

West Kelowna Shelter Society
Stevens Road Temporary Winter Shelter

We are writing to let you know the Stevens Road Temporary Winter Shelter, located 1160 Stevens Road, will be opening this weekend. Due to the significant number of people experiencing homelessness on the west side, the need is great.

Our goal is to provide shelter as well nurture a strong relationship with our neighbours around the shelter. The plan is for the temporary winter shelter to close on March 31, 2020.

We recognize there may be questions about the shelter. Please contact one of our site managers and we will happily answer any questions you may have at 250-300-0166.
