

OUR PROCESS

WHY WE NEED A GREAT COMMUNITY VISION.

Our community vision sets the directions West Kelowna will take over the next 20 years, so we need to get it right! A strong community vision is the foundation for all plans and policies. Creating a community vision is Step 1 in our Official Community Plan (OCP) Update. Further steps will lead us to the creation of an updated OCP that manages change in our city: how we will grow and develop, how we will move, how we will work; how we will have fun; and more.

FROM BIG IDEAS TO FOCUSED DIRECTION.

This process will become more and more focused in each step. We start broadly at community visioning (the current step) and become more detailed as the Final OCP Bylaw is developed. Community visioning is a critical first step that is easy for everyone to join - no matter your age, your time constraints, your knowledge base, or your experience in community engagement - you can tell us what matters to you and help build a collective vision for the future.

OUR TIMELINE.

The following timeline is planned for Step 1 in our OCP Update journey. While our process and timeline may need to evolve based on what happens along the way, our intention is to have our community vision complete by early 2021 and next steps in the OCP Update underway soon after.

LET'S PLAN OUR FUTURE TOGETHER! GET INVOLVED AT: ourwk.ca
