Notes for Structures Permits:

- 1) Permits shall be metric, scalable, and shall show:
 - The exact offsets of the foundation and overhang of proposed or existing structure from the right-of-way boundary and the nearest internal property line.
 - Any feature or structure which limits the placement of the subject structure from being constructed at the required setback distance.
 - Any other structure on the subject property within the required setback area.
 - An inset or additional plan showing the profile of the structure and terrain to the travelled road edge.
 - The nearest edge of shoulder of the physical road.
 - The road name, legal description, any property pins evident and a north arrow
- 2) In cases where setback is to legalize and/or add to an existing structure, the plans are to be prepared by a registered legal surveyor.
- 3) It is the responsibility of the applicant to assure that design and construction of the structure conforms to all applicable legislation, bylaws and codes and that all necessary permits are applied for.
- 4) A certificate of title and a letter of authorization from the registered owner[s] are to be provided where the applicant is not the owner.
- 5) In addition, you may be required to have the property lines and extremities of the footings of the proposed structure clearly flagged on site prior to municipal inspection.

Notes for Highway Access Permits:

- 1) Property described must have highway frontage.
- 2) Insert number of accesses requested.
- 3) Insert specific land use proposed (for example, single family dwelling, car sales, office, industrial, etc.)
- 4) Indicate the permitted uses for the existing zoning on the property.
- 5) Insert figures indicating number of dwelling units, square metres of floor area of buildings, sleeping units, employees, seats in restaurant, etc.
 - Insert the word “indefinitely” if required for long-term use; or
 - Insert the specific number of days or months, if required for temporary period.
- 6)
 - Insert “myself” or “ourselves” if required by owner or lessee; or
 - Insert name and address of person or company who will actually develop and construct, use and maintain the access works, if required by other party (for example, property is under option and owner proposes to sell or lease same); or
 - If access is required for land beyond, give name of owner[s] and legal description of parcel involved.

Notes for Filming Permits

- 1) For location, please specify the highway name and landmarks that indicate the outer boundaries of where you are filming.
- 2) Your description should include:
 - The dates and times of filming
 - The nature of what you are filming
 - Whether you will be using special effects and/or stunts.
- 3) Specify the production company name and phone number and its Certificate of Incorporation number, if applicable.
- 4) Authorities you will need to notify include:
 - R.C.M.P.
 - Fire Department
 - Ambulance Services
- 5) Provide appropriate Certificate of Insurance

Notes for Works Permits:

The Plans submitted may be blueprints and shall consist of key-map, general plan, profile and, where necessary, detail plan on the following scales: **key-map**, according to the size of the undertaking; **general plan**, 1:5,000; **profile**, horizontal 1:5,000, vertical 1:250; **details**, on suitable scales. For minor undertakings, such as small water-pipes or culverts, etc. under a road, sketches will be accepted and sections and details as to dimensions, depth of cover, etc.

The plans shall supply at least the following information:

- a) The boundaries of highway right-of-way affected;
- b) The position of all existing public works within such boundaries and relative thereto and the name of the authority in control of same;
- c) The position of all private works (with the name of the owners) within such boundaries and relative thereto. (Note: Where the proposed works are upon or above the ground, only such private works as are upon or above the ground, or as may be interfered with under the ground, need be shown.);
- d) The proposed position within such boundaries and relative thereto which would be occupied by the works;
- e) The details of all tanks, manholes, lamp-poles, surface boxes, bridges, culverts, retaining walls, or other structures to be constructed and used for the support of traffic, and details showing the method to be employed in supporting any proposed work, where any public works are affected;
- f) Full information showing exactly in what manner and to what extent it is proposed to use any land or works under the control of the City of West Kelowna.

Specifications for the carrying-out of the work within the boundaries of all highway rights-of-way shall also be submitted.

When application is made in respect of the following works, the requisite particulars, plans and specifications must be submitted to the proper authorities before the approval of the application by the City of West Kelowna.
