COMMUNITY EVENTS

2020 Twinkle Tour

Fill the holidays with the joy of the season and take a self-guided tour of the many light displays throughout the Westside.

Although the annual Light Up event on Brown Road is not possible due to Provincial Health Orders, the holiday lights are brightly shining on Brown Road and many other locations throughout the community. Residents can stay within their bubbles and take in the festive experience, by going on our Twinkle Tour, with the various sites posted on our map at westkelownacity.ca. Westside residents and businesses can add to the joy by submitting locations for consideration for the map.

The Twinkle Tour includes a contest where a winner will be chosen on Dec. 20 in each of the following categories: most festive residential house, most festive business, most festive balcony and most festive miscellaneous. Happy holidays!
